

# YUKON WINTER EXPERIENCE

AURORA NIGHT

KLUANE NATIONAL PARK

NORTHERN LIGHTS

LOCAL WILDLIFE

## Welcome to Mount Logan Lodge !

At the entrance to Kluane Park is hidden a little gem ; **Mount Logan Lodge**. This beautiful log cabin displays gorgeous rooms, lovely hosts and the ideal location for activities : sightseeing flights over the glaciers, snowmobile trip to the ice cave, dog sledding or ice fishing.

Believe it or not, Kluane Park and its untamed wilderness are walking distance from the Lodge ! An incredible opportunity to admire the Aurora Borealis.

KLUANE NATIONAL  
PARK

# Kluane National Park

UNESCO World Heritage Site, the park of Kluane is the largest international protected area on the planet !

It houses the largest ice fields outside the polar regions, and no less than 17 of Canada's 20 peaks, including **the Mount Logan**.

The highest mountain in the country. **Denis Palanque**, our photographer-Guide was fortunate to fly over this beautiful park and **capture breathtaking shots**.

## Le Mont Logan Lodge

**Mount Logan Lodge** offers the most spectacular view of Kluane National Park.

The everchanging lights over the mountains will take your breath away.

It is with a warm welcome that David and Roxanne open the doors of their property and its unbelievable surroundings.

The lodge is just 9 km from Haines Junction.

You will enjoy some of Yukon's most incredible trails.

There are many activities departing from the Lodge.

**Sentiers Prives** designed a winter program off the beaten tracks : glaciers sightseeing flight, departing by snowmobile to get to the ice cave, dog sledding, ice fishing...

# Your program with Sentiers Prives

**Sentiers Prives** brings you a discovery program of **Kluane National Park** with unforgettable activities during a 5 days - 4 nights stay.

**On the menu** : sightseeing flight above the glaciers, snowmobile, ice cave exploration, dog sledding, ice fishing and Aurara watching...

In the Yukon, **winter and fall are the best time** to watch the aurora borealis.

The vast Yukon territory allows for **Amazing Aurora Boreal Vigils**, far from any light pollution, surrounded by gorgeous scenery, conditions are more than optimal for unique shots.

Our professional photographer guide, **Denis Palanque** was able to capture one of those magical moments. Make sure you watch the time lapse [here](#).

Don't wait any longer! contact us to receive our **program** or a personalized **quote**, there is still availability for **Christmas**.
