

# SANITARY MEASURES

Your security is our priority. We have implemented measures to be observed at all times, by everyone. If you are reading this document after your purchase and you are not satisfied with the measures, write to us promptly at [info@navettenature.com](mailto:info@navettenature.com). The volunteers who are on board the vehicles are not the decision makers of these rules, it is the NANA team which made them with the recommendations of public health. We are counting on your indulgence! Believe us, the year has not been easy and we have done our best to please our loyal community this fall. We can't wait to see you aboard our shuttles! :)

## PHYSICAL DISTANCING

Whenever possible, a minimum distance of 2 meters between people should be kept when arriving at the bus, whether to go to the park or return journey. We will ask you a few questions about your health before boarding. We're a good-humored team, but it would be best to keep your jokes for your fans on social media: If you tell us you have symptoms, we won't be able to let you on board even though " it was just to make us laugh " ! (Tell us a good dad joke instead, we love them!)

## HAND HYGIENE

Yes, with us too, it will be mandatory! When you arrive, and when you leave the park, we will ask you to disinfect your hands before entering the bus. We use pharmaceutical grade disinfectant made by Stimulation Deja Vu (and it smells awesome!), But if you'd rather use your own disinfectant in front of us, we'll accept it. On the bus, as you get to your seat, we ask you to touch as little as possible.

## WEARING A MASK

Put on your mask. It will be mandatory on board the bus for people aged 10 and over, since the distance of 1.5m is not possible aboard the vehicles. If you forget your mask we will have a few for sale on site. The mask will protect others and yourself, this is a measure we have put in place to keep our business going: Help us come back next year!

## YOUR ASSIGNED SEAT ON THE BUS

To avoid the risk of virus transmission, we will assign seats to each reservation, which you will have on the outward and return journey. If you have any special requests regarding your seat (you want to be close to someone, backwards, forwards, etc.), please let us know as soon as possible by email at [info@navettenature.com](mailto:info@navettenature.com) with your reservation number, and we'll do our best to accommodate you as much as possible, but we do ask for your indulgence! We will show you your assigned seat on the morning of departure, your name will be indicated on it. Don't take someone else's bench !.

## TAKE CARE OF YOUR PHYSICAL AND MENTAL WELL-BEING: WE TAKE CARE OF THE REST!

We are here to transport you safely to an exceptional moment, to reconnect you to something real! Once there, listen to the instructions we will give you for the day and then, go in search of this beautiful connection with nature! Take this day as a gift hug a tree, enjoy the views ... Treat yourself, we will take care of the bus!
